

# Finding PPE for polling sites in 5,500 cities

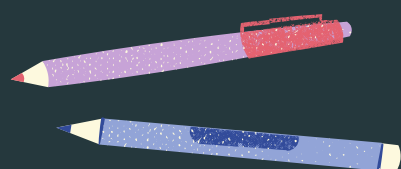

The November 15 municipal elections in Brazil have created enormous demand for Personal Protective Equipment (PPE) to safeguard voters and election workers alike at thousands of polling locations. The Superior Electoral Court (TSE) has spent months securing necessary PPE.

**8.9 MILLION MASKS FOR POLL WORKERS**

**2.1 MILLION FACE SHIELDS**

**4.2 MILLION BOTTLES OF HAND SANITIZERS**

**500,000 PENS**

"We decided to call for the private sector to provide this equipment and we were very very happy that a group of 30 major companies and entities did answer our call."

*- Justice Luís Roberto Barroso, President of the Superior Electoral Court of Brazil*
